

AAPM® NEWSWORTHY THOUGHTS FOR THE NEW YEAR

George Mentz, JD, MBA, CWM®, MPM®, QFP

Remember, you are connected with all possibility. Take hold of your divine rights to health, supply and success. Allow yourself to be great and to do great things. WE MUST CREATE.

Build new ways of doing things, providing service, devising solutions, supply opportunity and help teach others. Follow your labor of love, and your talents will be exposed. If you exercise the practical steps of gratitude, faith, receptivity, visualization and action, then inspiration, also known as the sixth sense, will emerge and you will know when to take action on constructive ideas and fulfill them to completion. A NEW YEAR'S RESOLUTION ON PROJECT MANAGEMENT TRAITS

The start of a New Year always ushers in the promise of New Year's resolutions. Besides our own personal promises to develop a better strategy for healthier eating and exercise, we also look to add resolutions to our own careers. For most of us, we are planning on satisfying the Professional Development Units – PDU's to maintain our certifications for the year. In considering what educational courses to take to further enhance our professional practice don't overlook taking an inventory on the development units that are not found in a course description. The New Year can be a time to evaluate and identify the traits within ourselves that have helped to propel our expertise. Have you achieved the desired traits of a project manager or are there areas that need a stronger resolution from you in developing them? Here are some desired traits that help to develop a successful project manager.

- Engaged in strong interactive communications
- The capacity to focus on a clear vision
- Showing active leadership
- Incorporating precision in decision-making
- Attaining comprehensive practical knowledge
- Team-building skills that can include indirect shareholders
- Practiced in real negotiation to receive valued agreements

Understanding our own strengths and weaknesses in these desired project management traits we know what areas we can direct with confidence or what areas we need to add additional council.

by
M R Project Solutions Ltd &
ABMC International (Regional Partner)**

Coordinator Joseph Mogu selected The Grand Legacy Hotel in Kigali, Rwanda as an excellent venue choice with seamless accommodations for this opening training site. Delegates came from four African nations where they were introduced to an applied learning approach to project management besides the usual examination coursework. Expert instructor led learning and added online review provided a successful class formula where delegates passed the online certification examination with absolute confidence in their qualification knowledge.

ABMC International, Mark Reeson's -M R Project Solutions Ltd and AAPM® accreditations are paving the future in East Africa with knowledge/training classes and examine certification. Scheduled AAPM® accreditation classes are planned for Kenya and Uganda in November and January respectively. In the planning stage are AAPM® special post certification classes in Rwanda, Kenya and Burundi for continued professional development knowledge. Nairobi and Kampala are already in the book for further class visits that will begin a new 'African Adventure'. Visit ABMC Intl website for more info <http://www.intl-abmc.com/>
